MAINLINE Normally-open design allows the free circulation of air throughout the plumbing system to the municipal sewer
MAINLINE Award-winning technology

MAINLINE Building Drain Protection

ACCESS BOX
Model #: PE 2013

Built-in main sewer clean out.

Clear transparent lid provides easy visual inspection

Fullport normally-open design offers no restriction to flow, (virtually self-cleaning)

Gate automatically rises upon reversal flow isolating entire plumbing system from backflow.

Flow channels on gate and body divert sewage from inlet to outlet preventing sewage buildup.
